

MY EXPORT MANAGER

Export Operations

My Export Manager has been developed to provide you with a dedicated Export Manager for all of your export operations. We have developed a strategic alliance with TridentGLOBAL, a market leader in Export Management software to deliver a solution tailored to your needs.

WHAT: Think of Export Assist as Your Export Manager. We manage all of your export operations, including:

- Compliance: Customs, Quarantine and other permit applications, including Australian Wine and Brandy Corporation
- Co-ordination with freight forwarders and other third parties
- Export Documentation

WHO: Exporters from a range of industries including wine, food, agriculture and manufacturing. Typically for exporters shipping under 10 consignments per month.

WHY: Think of us as an employee, who knows and understands your business:

- Experience: An experienced Export Manager working for you
- Reduce overheads: No need to employ extra staff to manage your exports
- Fixed costs: A fixed management cost per shipment
- Integrated Supply Chain: We work with all your other suppliers to ensure your goods are shipped on time
- Guarantee: We guarantee the quality of our service
